making space

 **Kirklees**  
COUNCIL

## Accommodation

The recently refurbished properties offer en-suite bedrooms along with modern and welcoming communal facilities giving you the chance to socialise with your neighbours.

The service, located on Huddersfield Road, has fantastic links to local amenities and public transport links, and all that Holmfirth has to offer will be right on your doorstep.

Housing management is provided by Making Space.

Right in the heart of Holmfirth

## Care and support

Making Space has extensive experience of supporting people with mental health conditions, long term health conditions, learning disabilities and physical disabilities.

With our tailored and flexible care and support, and the reassurance of a 24/7 on-site support team, this accommodation is perfect for those looking for greater independence.

The support team will encourage you to develop your independent living skills, within a strengths-based model of support.

The support team will empower young people to achieve their full potential, including improving mental health and wellbeing, daily living skills, financial inclusion and access to work, education, training and volunteering etc.

## Flexible levels of tailored support

### Key features

Independent living

24/7 on-site support

Spacious communal area

# How to apply

Applications for tenancies are open to people aged 18 to 25\*. In order to be eligible for a tenancy, you must:

- Have a mental health condition and/or additional needs
- Need support to achieve outcomes in at least 2 of the following areas: good nutrition, personal hygiene and appearance, maintaining a safe, clean and secure home, developing family and other relationships, accessing/engaging in work/training/education or volunteering, and being part of the community
- Be suitable for a service where the expected length of stay is between 2 and 3 years

\*Please note, the properties are not suitable for those with mobility needs.

All referrals must be directed to the Housing Liaison team in the first instance, who will undertake screening and work with referring professionals to complete more detailed referral information.
